INDIVIDUAL AND CORPORATE INSURANCE SOLUTIONS

> **We seek to understand the life or business being protected, not the policy; the rest is explaining cover in plain language.**

Insurance advisory that listens to the need and makes the options clear. We help you understand policy cover for vehicle, home, earthquake and business needs.

WHAT WE DO

- Advisory for vehicle, home, earthquake and business insurance
- Explaining under which conditions quotes can be compared
- Reviewing changing needs and renewal quotes during the policy period

SHARE FOR A QUOTE

- How you use the asset
- Details of what is to be protected
- Your current policy, if any

The same product name can carry different cover, limits, deductibles and exclusions; compare cover as well as premium. The general contact form does not replace an official claim notification.
