SUSTAINABLE PISTACHIO CULTIVATION

> **We farm with a promise to hand the soil to the next generation in better health.**

An approach that brings local agricultural knowledge together with contemporary production and long-term land stewardship, focused on pistachio production in and around Şanlıurfa.

WHAT WE DO

- Pistachio cultivation in Şanlıurfa
- Information on post-harvest quality and wholesale supply
- Samples and shipment terms discussed with the agriculture team

STATE IN YOUR WHOLESALE REQUEST

- Product form (in-shell, shelled kernels, product for food production)
- Intended use and approximate quantity
- Packaging expectations and the period you need it
- Required documents and certification expectations

Harvest timing and availability change by season; clarify which season and product a sample represents at the start of the discussion.
